PROJECTS

STRIXHAVEN ROWDYHACK

JAVASCRIPT, REACT, TYPESCRIPT, HTML, CSS, DOCKER

The User opens the site and is introduced to a tutorial and tests out specific spells prompted in the middle of the screen. The User is then brought into a sandbox area to play around with the provided spells.

SPACEBRAWL

JAVA, JAVA FX

SpaceBrawl is a simple space shooter game where the players shoots asteroids to gain points while orbiting a star. It uses JavaFX for both its menus and 3D features.

COLORIZING THE PAST PROJECT

PYTHON, GOOGLE.COLAB, CNN, BIG DATA

Our group decided to use a Convolutional Neural Network (CNN) in order to color images. Our primary goal is to add color to old photos, photos that were taken before the invention of colored film.
